Call the Tennis Office at 435-615-5429 with any other tennis related questions

### 2.5 open clinic

This clinic is the next step after moving up from our Adult Beginner Skills & Drills clinic. In this clinic you will continue to work on your technique and learn the beginning stages of strategy in point play with the instruction of a pro. All of our adult programs that include a ranking (2.5, 3.0, 3.5, 4.0) reflect the NTRP ranking system which can be found [here](#).

### 2.5 Cardio Tennis

Cardio Tennis is a high energy group fitness activity that combines the best features of the sport of tennis with cardiovascular exercise, using tennis drills and games to deliver the ultimate, full body, calorie burning aerobic workout.

### 3.0/3.5 Open clinic

The 3.0/3.5 open clinic is the next step after moving up from our 2.5 clinic. In this clinic you will be practicing drills, games and point play centered around doubles play.

### 3.0+ 105 Clinic

This game is not only a workout and a ton of fun, but it will also improve your tennis game by encouraging you to practice being aggressive at the net, improving your overall net game, helping you develop a reliable backhand volley, and executing deep lobs effectively.

### 3.0/3.5 Technique

In the 3.0/ 3.5 Technique clinic we will be covering the first two steps of the six steps in the learning sequence - technique and footwork. These steps will involve proper tennis grips for ground strokes, volleys and serves. The drill will evolve into proper stroke production and movement which will enable the participants to understand the geometry of the tennis court while also learning how to manage time more efficiently. This drill will serve as the foundation towards building and understanding the remainder of the six-step process.

### 4.0 open clinic

The 4.0 clinic is for our advanced players who are looking for singles and doubles strategy through point play experience.

### Beginner skills and drills

The Beginner Skills and Drills class is great for patrons who are new to tennis or trying to get back into it. Come hit with a pro and fellow tennis players to work on basic technique, rules and strategy in a fun, energetic environment.

### Live Ball Clinics

Live Ball Clinics are divided by respective levels. These focuse heavily on technique, directional control, rallying and net play. You'll receive instruction on shot selection, positioning, and recovery while participating in fast-paced drills, helping you to elevate your game to the next level.
